Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner initiated the interview to propose amendments to place the case in condition for allowance. It was apparent to the examiner that page 7, lines 11-14; page 8, lines 18-20; and page 10, lines 7-15 indicated important aspects of the invention. The examiner proposed the changes to claims 1, 39, 41, and 46 to incorporate these aspects and thereby place the case in condition for allowance. Luke A. Kilyk then authorized the changes to be made by examiner's amendment.
